Commentary of County Weather Forecaster:

- This is a great week to **harvest and store rainwater** safely. However, always **monitor river levels** and **avoid crossing flooded areas**.
- When you hear thunder, **act immediately!** Seek shelter inside a solid building, away from windows and doors. **Avoid open fields** and do not stand under trees.
- It is highly recommended for farmers to **consult with your local agricultural officer** before carrying out agricultural activities.
- **Bring your animals indoors** to protect them from the cold rain, potential hail, and strong winds.
- **Wear rubber-soled shoes** during storms and avoid wet or metal objects.

Note: There may be differences between the forecasted and amount of rainfall received.
