# Advisory

- The Ewaso Nyiro river catchment Counties (Meru, Nyandarua and Samburu) is expected to receive reduced rainfall hence reduced downflow during the forecast period which may not significantly affect the current condition of the community as shown on the forecast map below.
- Communities are urged to conserve fodder for their livestock as they prepare for dry spell.
- Community members are encouraged to keep following official weather updates for any changes.
- *This forecast should be used in conjunction with the daily (24-hour) and five-day forecasts issued by Kenya meteorological Department.*
- *Marsabit County locational specific forecasts are available from the County Directors of Meteorological Services, Isiolo Meteorological office .*
