BUSIA COUNTY WEEKLY WEATHER FORECAST

Period of forecast: Tuesday 9th December to Monday 15th December 2025

Date of issue: Monday 8th December 2025

Summary

Mainly sunny intervals are likely to occur during the day, with partly cloudy conditions at night in Busia County during the forecast period. However, occasional isolated light to moderate rain accompanied with lightning strikes and strong wind may occur mainly between Wednesday and Monday over few places.

Expect scotching sunshine in the afternoon especially on Tuesday and Wednesday.

Day and night temperatures will be lower than last week. Expect afternoon highs of 25°C to 33°C and dawn lows of 18°C to 20°C.

Hazards	 Thunderstorm	 Thunderstorm	 Thunderstorm	 Thunderstorm	 Thunderstorm	 Thunderstorm	 Thunderstorm

Key to rainfall space distribution symbols:  rain is likely to fall in **few places** (less than 33%, 0% inclusive),  rain is likely to fall in **many/several places** (33-67%),  rain is likely to fall in **most places** (more than 67%).

Commentary of County Weather Forecaster:

- Mainly sunny intervals are likely to occur during the day, with partly cloudy conditions at night in most areas of Busia County.
- There is a chance of isolated occasional light to moderate rains mainly between Wednesday and Monday over few places.
- Just in case it rains in your area, harvest rainwater and store it safely for future use.
- Take a plenty of water to stay hydrated during hot afternoons on Tuesday and Wednesday.
- Just in case you hear thunder or see lightning, find shelter inside a building. Stay away from windows and doors.

Below is a map showing the different climatic zones of Busia County. These zones are, referred to in the forecast tables above.
