Commentary of county weather forecaster:

- **Morning sessions:** Partly cloudy conditions to dominate during the forecast period. Morning rains likely over few places
- **Afternoon sessions:** Moderate to heavy rainfall is likely over several parts of the county. Moderate rainfall over many places is likely on Tuesday, Wednesday, Friday, Saturday, Sunday and Monday. Heavy rainfall over many places is likely on Thursday.
- **Nights:** Partly cloudy conditions are expected during the forecast period. However, few places may receive light rain
- Maximum temperature ranges likely to be 23-25°C whereas minimum temperatures range likely to be 12°- 14°C during the forecast period
- Mud/landslides are likely in areas that experience these negative impacts such as locations in Tinderet and Nandi Hills.
- Harvesting and storing of rainwater for future domestic and agricultural use encouraged.
- Rainfall storms that are likely to be associated with strong wind, heavy rain, lightning strikes and hailstones are expected. This may pose risk to people, livestock, crops, property and infrastructure such as roads.

Advice to farmers from Ministry of Agriculture:

- Consult your local agricultural extension officer for advice on how to plan farming activities in the light of this forecast
