Marsabit Seven Day temperature forecast valid from 10th to 16th March 2026

**7 WEEKLY MAXIMUM TEMPERATURE
FORECAST VALID 10 - 16 MARCH 2026**

**7 WEEKLY MINIMUM TEMPERATURE
FORECAST VALID 3 - 9 MARCH 2026**

Advisory

- The enhanced rainfall that had been affecting parts of the country linked to increased convective activity associated with the Madden–Julian Oscillation (MJO) is gradually weakening.
- As the system relaxes, moisture convergence and vertical air movement over the region are expected to reduce, leading to lower rainfall intensity and an increased likelihood of short dry spells.
- Location-specific forecasts for Marsabit County are available from the County Director of Meteorological Services at the Marsabit Meteorological Office.

THE END

THANK YOU ALL.
