Marsabit Seven Day temperature forecast valid from 17th to 23rd March 2026

**7 WEEKLY MAXIMUM TEMPERATURE
FORECAST VALID 17 - 23 MARCH 2026**

**7 WEEKLY MINIMUM TEMPERATURE
FORECAST VALID 17 - 23 MARCH 2026**

Advisory

- The enhanced rainfall that had been affecting parts of the country linked to increased convective activity associated with the Madden–Julian Oscillation (MJO) has weakened.
- As the system relaxes, moisture convergence and vertical air movement over the region has reduce, leading to lower rainfall intensity and an increased likelihood of short dry spells.
- Location-specific forecasts for Marsabit County are available from the County Director of Meteorological Services at the Marsabit Meteorological Office.

THE END

THANK YOU ALL.
