KENYA METEOROLOGICAL DEPARTMENT

BUSIA COUNTY WEEKLY WEATHER FORECAST

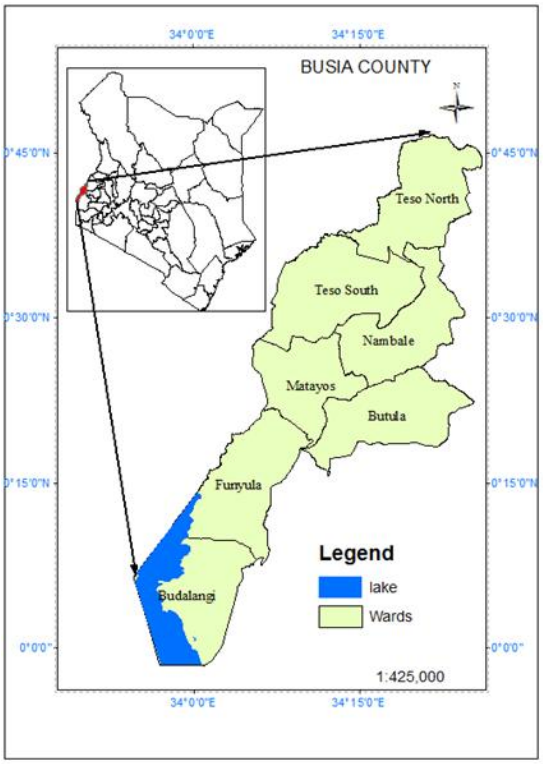

Period of forecast: Tuesday 7th April 2026to Monday 13th April 2026

Date of issue: 6th April 2026

Summary

Tuesday and Wednesday may see dry mornings followed by light afternoon rain over few areas. Thursday through to Monday have a chance of light to moderate rain over few places. Thunderstorms normally associated with lightning, thunder, strong wind, showers and hail are possible all days of the week.

Maximum temperatures will range from 25°C to 28°C, with the warmest days expected between Friday and Monday. Minimum temperatures will range from 16°C to 18°C. Expect cooler nights than last week.

Key to rainfall space distribution symbols: *No rainfall expected (less than 1% probability),* *rain is likely to fall in a* ***few places*** *(1-33%),* *rain is likely to fall in* ***many places*** *(33-67%),* *rain is likely to fall in* ***most places*** *(more than 67%).*

Commentary of County Weather Forecaster:

- Seek shelter in the middle of a building during thunderstorms to stay safe from lightning strikes, strong wind and hailstones.
- Clear drainage channels in farms on Tuesday morning before the moderate rainfall expected on Friday night.
- Most days of the week would be good days to weed farms, apply pesticides and fungicides since it is likely to have light rains or dry all day.
