Commentary of County Weather Forecaster:

The weather outlook for the week of 2nd – 8th June 2026, indicates sunny intervals in the morning sessions. The afternoons are expected to first have light rains over few places, the increasing to moderate rains over several places mid-week, before decreasing to light rains over few places towards the end of the week. The nights will have partly cloudy conditions most of the week with exception of three nights of some light rains covering few places.

The forecast details are as follows:

- The morning sessions are expected to have sunny intervals throughout the forecast period.
- The afternoons will have on light rains confined to few places on Tuesday, increasing to moderate rains spread over several places on Wednesday and Thursday before decreasing again to light rains over few places towards the end of the week. Sunny intervals will prevail on Monday afternoon.
- The nights will have light rains are over few places from Tuesday to Friday. The rest of the nights are expected to have partly cloudy conditions. .
- The weather outlook for the week of 9th – 15th June 2026, indicates that Trans Nzoia County is likely to experience a decrease in rainfall amounts.

Advice to farmers from the Ministry of Agriculture

Consult your local agriculture extension office for advice on how to plan farming activities in light of this forecast.
