BUSIA COUNTY WEEKLY WEATHER FORECAST

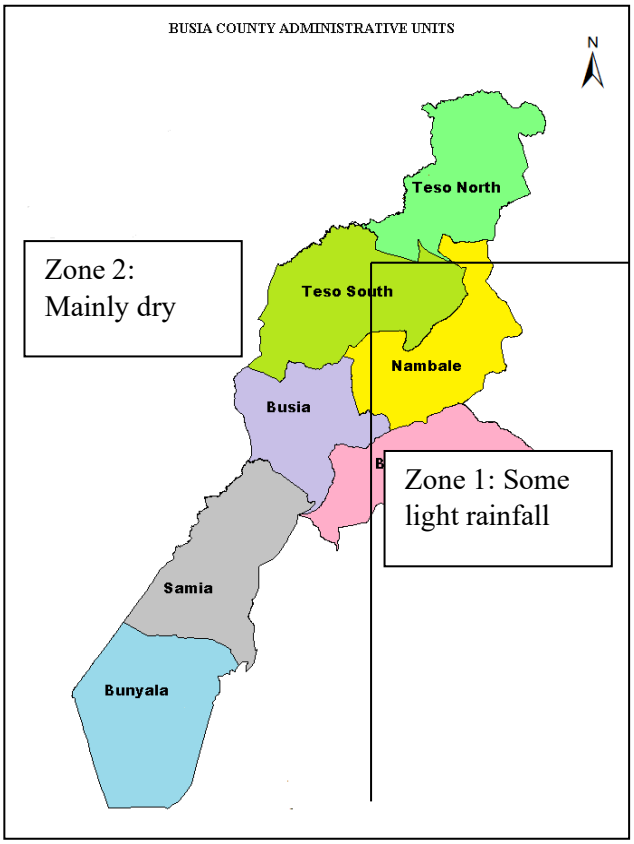

Period of forecast: Tuesday 11th August 2026 to Monday 17th August 2026

Date of issue: Monday 10th August 2026

Summary

Most parts of Busia County are expected to be generally dry. Afternoon showers accompanied by lightning are likely to occur over few places in parts of Nambale, Butula and Teso South Sub Counties. The showers are likely to be isolated. Not all places in Nambale, Butula and Teso South Sub Counties will get rain every day. The rest of the County is likely to remain dry.

Daytime temperatures will feel warm enough to dry cereals, ranging between 29°C and 32°C, while nighttime lows are expected to be cool between 18°C and 19°C. Cover yourselves well on Wednesday night.

Hazards	Thunderstorm				Thunderstorm		

Commentary of County Weather Forecaster:

- Water Vegetables thoroughly in the evenings so that the utilize the water during the cooler nights.
- Mulch your farms to retain moisture among growing plants.
- Harvest rainwater and store it safely for future use in case it rains.
- Seek further guidance from agriculture extension officers in your ward on farm activities.

Note: There may be differences in amount of rainfall forecasted and amount of rainfall received.
