NB: This is rainfall casted back by one day ie in the above case, rainfall reported on 29th August was rainfall for 28th August 2026.

Key to rainfall distribution symbols: rain is likely to fall in few places (less than 33%),  rain is likely to fall in many places (33-67%),  rain is likely to fall in most places (more than 67%)

Advice to farmers, fishermen, beachgoers, hotels and vacationers:

-Consult your relevant government departments on how to plan your activities in light of this forecast.

-Moderate winds are likely to be experienced throughout the forecast period but afternoons are likely to be a bit strong, sea users to exercise some caution.

-Ailments associated with cold weather like flu, pneumonia and common colds are likely to be common. People are advised to put on heavy clothes to protect themselves from the cold weather conditions.
