- Hindi NYS-0.0mm
- Witu NYS-0.0mm

NB:This is rainfall casted back by one day ie in the above case, rainfall reported on 5th October was rainfall for 4th October 2026.

Key to rainfall distribution symbols: rain is likely to fall in few places (less than 33%),  rain is likely to fall in many places (33-67%),  rain is likely to fall in most places (more than 67%)

Advice to farmers, fishermen, beachgoers, hotels and vacationers:

- Consult your relevant government departments on how to plan your activities in light of this forecast.
- Farmers can start planting as rains are likely to continue into next week.
- Moderate southerly winds are likely to be experienced during the forecast period, however these winds can change to be strong during afternoons. Sea users to be careful during afternoons.
