BUSIA COUNTY WEEKLY WEATHER FORECAST

Period of forecast: Tuesday 3rd November 2026 to Monday 9th November 2026
Date of issue: Monday 2nd November 2026

Summary

Expect a slight reduction of rainfall at the beginning of the week. Mornings are likely to be bright, with sunny intervals. Tuesday and Wednesday afternoon are likely to experience light rain. This is likely to increase to moderate rain over several places between Thursday and Monday afternoon. Expect mainly partly cloudy sky conditions at night.

Afternoon temperatures are likely to be a little warmer than last week, between 28 and 30 degrees Celsius. Nights will be cool, around 18 to 19 degrees Centigrade.

Commentary of County Weather Forecaster:

1. Plan outdoor activities during morning hours when there is minimal chance of rain.
2. Expect **lightning**, **showers**, **strong wind** and isolated **hailstones** in the afternoon. Stay indoors, keep dry, and keep away from tall trees and open fields to stay safe from lightning strikes, strong wind and hailstones.
3. Harvest your rainwater and store it safely for future use.
4. Seek advice from agriculture extension officers on planning farming activities in light of this forecast.

Note: There may be differences in amount of rainfall forecasted and amount of rainfall received.
