Kisii County: Weekly Weather Forecast & Safety Guide.

1. Rainfall Forecast

Morning Forecast: Light rain is expected in parts of zones 1 and 3 on Friday, Sunday, and Monday. In zone 2, as well as parts of zone 3, rain will persist from Friday through Monday.

Afternoon & Evening Forecast: Showers and thunderstorms are expected daily in zone 1, except on Friday and Monday. In zones 2 and 3, showers and thunderstorms are forecast over several places.

2. . Temperature Outlook

- **Daytime Highs:** 21°C to 27°C.
- **Nighttime Lows:** 11°C to 18°C

3. SAFETY & STRATEGY: ESSENTIAL GUIDELINES

i. Seek Safe Shelter During Thunderstorms: Afternoon and evening lightning risks are high. Avoid sheltering under tall trees, open sheds, or near metallic structures, and stay indoors when thunderstorms begin.

ii. Maximize Safe Water Harvesting: Take advantage of the widespread seasonal rains by using roof catchments and storage tanks to harvest clean rainwater, ensuring storage containers are tightly covered to prevent mosquito breeding.

iii. Prevent Waterborne and Vector Diseases: Stagnant water from continuous rains increases the risk of malaria and water contamination. Treat or boil drinking water, clear bushes around homes, and empty any containers holding standing water.

vi. **Protect Against Respiratory Illnesses:** Ensure children and the elderly are dressed warmly to guard against colds, flu, and other respiratory infections.
