### PART II: FURTHER ADVISORIES.

- i. Community members are advised to inculcate the culture of being “weather-ready”, “climate-smart”, and “water-wise”. This is to navigate the unfamiliar and chaotic environment of a varying and changing climate. This will help them adapt to a changing climate while mitigating the adverse effects of climate change.
- ii. Farmers are advised to consult the nearest Ward Agricultural Officer (WAO) and the Ward Livestock Production Officer (WLPO) to obtain any further agro-weather, agronomy, and livestock production advisories they may require from time to time as the rainy season ceases and we enter the dry season with occasional Dry days.
