EMBU COUNTY
WEEKLY WEATHER FORECAST

Period of forecast: Tuesday, 29th to Monday, 5th December 2022.
Date of issue: Monday 28th November 2022

October-November-December (OND) 2022 Rainfall Forecast

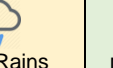

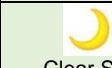

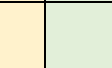

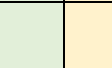

During the oncoming OND season, most parts of Embu County will experience depressed rainfall (Below Normal rainfall). The eastern parts of Mbeere South are expected to experience highly depressed rainfall. Note that the onset of OND rains is predicted to be from 4th week of October to the 1st week of November 2022 and distribution is expected to be poor.

Summary for the Weekly Forecast

During the current forecast period (29th November to 5th December 2022), sunny intervals will start showing up in many areas in Embu County. Night cloudiness is expected to reduce. This is unlike the past few weeks where most areas received wet weather activities. Temperatures are expected to rise slightly.
